The water then pressure is used to contain the remains of her mother, of whose deceased she was not until then aware.

Mr. G. W. Crandall has recently been appointed postmaster of Tuscarumba, Alab.

The brother of Andrew Davis, at Warren, Miss., has been pardoned. He came under the garrison.

Gold miners in numbers are repairing to the Potomac gold mines.

The ARMY, GA., Chronicle and Sentinel says that the acts of lawlessness in the northern counties of Alabama have been greatly exaggerated by the Col. Fontaine, formerly President of the Virginia Central Railroad, was in the 8th, presented with three boxes looking apples while standing in the Senate. The total population of the six New England States is a trifle smaller than the population of the State of New York. And yet New York has but two Senators while New England has twelve. It therefore takes six New Yorkers to be equal to one New Englander, in glaring repugnance to the principle that all men are equal. If this equality is to be asserted against the South, it must also, in logical consistency, be asserted against New England. If it be said that the Constitution stands in the way of this equalization, it is not less true that it stands in the way of cutting down the Southern representation in the House. If the South is compelled to abandon the principle that the constitution gives it, because it happens to be in a minority, the time is not distant when the equality principle will triumph over the constitution as against New England, in pursuance of the precedent of extorting amendments from States in the minority.

The use of petroleum as a substitute for coal is the subject of a parliamentary paper just issued in England. Experiments were recently made at the Woolwich dockyard for the purpose of testing the value of petroleum for raising steam in marine boilers, with the following results: A mixture of American oil and "coal oil once run" only evaporated 7.77 pound of water per pound weight of oil, while 1 pound of Welsh coal evaporated 9 pounds to 93 pounds of water. The experiments with "coal oil once run" alone gave a better result, the evaporation being 102 pounds of water, but the rate of combustion of the oil and the rate of evaporation of the water per square foot of grate were low, and the smoke tubes became very foul. The best results were obtained from the use of Burmese oil, which evaporated 18.38 pounds of water; shale oil, 17.92 pounds; and Torraine Hill mineral oil, which evaporated 18.38 pounds. The smoke from each kind of oil was very moderate, and the tubes at the conclusion of each experiment were tolerably clean. The report concludes that if results as favorable as the three last-mentioned can be obtained under ordinary circumstances, it would appear that one pound of oil will evaporate about double the weight of water which one pound of coal burnt in the ordinary way would evaporate, but at the same time the greater cost of oil (from \$10 to \$25 per ton) must be taken into consideration. If, however, a great reduction were to take place in the price of the oils, "probably under some circumstances they might be advantageously used instead of coal. The experiments, therefore, so far as they have gone, may be regarded as of considerable value in showing the great evaporative power of these oils."

In consequence of a three weeks rainy season in central Ohio, rains are estimated for the potato crop.

REGULATIONS CONCERNING THE MANUFACTURE, INSPECTION, AND SALE OF DISTILLED SPIRITS.—We publish to-day, as a matter of general interest, some extracts from the regulations recently issued by the Commissioner of Internal Revenue in relation to the duties of distillers of brandy from apples and peaches, rectifiers, and wholesale dealers in liquors, under the amended law which took effect on the 1st of September, 1865. It will be seen that some special privilages are granted to distillers of apples and peaches when they are not engaged in distilling from other substances. The general provisions of the amended law are exceedingly stringent in relation to distillers and dealers in liquor generally, and seem to be admirably calculated to prevent the frauds that have heretofore been so prevalent among distillers and other parties engaged in the liquor business.

POLICE COURT—HON. E. S. CRAVEN.—There were eighteen cases of drunkenness disposed of by fines. There were also sixteen cases of disorderly conduct settled in the same way. In the case against John Cozens and Henry Dickinson, a motion for a new trial was overruled. The case of the city vs. Louis Brooks a motion for a new trial was deferred to Tuesday morning. William Bering, stealing watches from F. W. Jarvis, continued to Wednesday. Henry Snyders, robbing store goods, continued to Wednesday. Timothy Haggerty, suspected felon, held in \$200 for sixty days. Stephen Carrick, drunk and abuse of family, fined \$3 and \$4, \$10 for thirty days. John Metz, stealing \$25 from C. Shryver, held in \$200 to answer. Robert Bortley, obtaining goods under false pretenses from Charles Meyers, continued to Wednesday. R. H. L. Dugory, continued to Saturday. Levi Smith, was brought in from the Work-house. Henry C. Talbott, obtaining money under false pretenses from Mr. Ross, of Shelbyville, Ky., discharged. Isaac Schultz, assault and battery on George Gray, warrant suspended. Ed Soles, being pistol on the street; discharged. Cleon Boone, Wilkinson Boone, Melinda Boone, and Wm. Robinson, assault and battery on John Frazier, held in \$100 each to answer. Isaac Raibon, assault and battery on Peter Shore, held in \$100 to answer. Jacob Sedgwick, assault and battery on Mrs. C. Smecken, held in \$100 to answer. John Brown and wife, assault and battery on Anthony Young, sent before the Grand Jury. Anthony Young, assault and battery on John Brown, held in \$75 to answer. Fred Dominick, for having counterfeit pass in his possession with intent to pass it, was held in the sum of \$300 to answer.

THE FOURTH JUDICIAL DISTRICT.—There are as yet but two candidates who believe, for the Circuit Court Judgeship made vacant by the death of the lamented Asher W. Graham. George C. Rogers of Bowling Green, and James Rush of Madisonville, have been announced. We know each of these gentlemen well. Mr. Rogers is a gentleman of splendid legal attainments and high general talents, as well as a gentleman of superior talents and extensive popularity. In politics he was a Whig, but in the last election he sustained Duvall against Hobson, he having been quite an influential delegate to the First of May Convention. Mr. R. would make an excellent and an upright Judge. Mr. Rush was formerly a successful lawyer of Munfordville, in Hart county, and has taken quite an active part in politics. He is an excellent lawyer and a worthy gentleman, and with a stanch patriot and Union man. Some years since he abandoned the law and embarked in the ministry, attaching himself, we believe, to the Baptist denomination. As minister he went out with our Union army as Chaplain of the 9th Kentucky (Col. B. C. Grider's) regiment. Infantry. He was true to the cause in its darkest hours of peril. Mr. R. is a gentleman of fine legal attainments, an excellent citizen, and would make a good Judge. Possibly there may be other candidates before the election.

BRITISH THEFT.—Saturday morning, about 11 o'clock, a young fellow, with the air of a dweller in town, and an elderly gentleman from the country, were seen arm-in-arm entering a drinking-saloon on Second street, near Main. The affectionate parties called for liquor, which was duly swallowed, and the countryman, who was stimulated to such a glass or two, drew forth his pocket-book to pay for the drinks. When the amiable young friend of the old gentleman saw this fine opportunity for borrowing cash, and while the bar-keeper's back was turned, the unsuspecting, convivial gray-beard was knocked down and robbed of thirty or forty dollars. The human dog that committed this deed was favored by the situation, and had only to run a few yards, dodge into an alley, and was lost to view. He has not been detected, although the police were notified of the occurrence and have been on the alert ever since.

CONSECRATION OF THE ASSISTANT BISHOP OF KENTUCKY.—We understand that official letters have been received fixing Thursday, November 13th, as the time for consecrating the Rev. Dr. Cummings as Assistant Bishop of Kentucky. The consecration will take place at Christ Church, with all the solemn and elaborate music incident to the Episcopal service. Bishop Hopkins, of Vermont, senior Bishop of the Church in this country, and many other eminent Episcopal clergymen will officiate in the interesting ceremony. Dr. Cummings has been sojourning in Europe for some time, and was to have started homeward on yesterday, the 17th.

BETWEEN THE UNITED STATES COMMIS- SIONER.—The following cases were heard and disposed of by the United States Commissioner yesterday. W. E. Pedigo, T. J. Dedor, and Alexander Polson of Metcalfe county, recognized in one thousand dollars each to answer an indictment charging them with removing whisky for sale before inspection; E. P. Hodges of Hickman county, recognized in six hundred dollars for manufacturing four without license; all of the parties to appear at the October term of the United States District Court.

A TERRIBLE MISTAKE.—At Indianapolis on last Saturday night a Mr. Gilkey, who is a confectioner, mistaking his room-mate, Leodias Johnson, for a burglar, shot him through the head, killing him instantly. Mr. Johnson was a young man eighteen years of age and of much promise. A large concourse of friends followed his remains to the grave on Sunday afternoon.

THE MILITARY DEPARTMENT OF KEN- TUCKY.—Is decided on a peace footing. Not an item to be had at headquarters yesterday.

Death of Hon. A. W. Graham and Hon. Henry Grider.

We had intended before this to notice in brief terms the deaths of these two distinguished and good men. Occurring near the same time and almost without premonition, and both of the deceased occupying high official positions, their deaths have created a vacuum in Kentucky not easily filled. Identified with the early history of the State, they had both throughout all their lives been men of usefulness, and filled various places of honor and trust. They were both residents of the Green River valley, and citizens of Bowling Green, yet their talents and their worth made them shining ornaments, which were justly the pride of the whole State. From the writer's earliest recollection Asher W. Graham had occupied a responsible judicial position on the Bench of Kentucky, a part of the time a Judge of the Court of Appeals, but for a much longer period Circuit Court Judge in the Fourth Judicial District. Throughout all the varied scenes of his eventful life he was honored and respected by men for his justness of thought, his purity of character, and his incorruptible integrity. No man in the State deserved such a return to the room at seven o'clock to call the Colonel for breakfast, as was cold in death. He had expired, it is thought, from a sudden heart pang caused by the disease to which he had been a prey so long.

Colonel Caldwell was born at Columbia, Adair county, Ky., in October, 1814, and was consequently in the fifty-second year of his age. This half-century life was made illustrious by achievements in the military and civic spheres of action to which he was called, and graced by a possessing social genius. The deceased graduated at St. Joseph's College, Bardstown, Ky., in 1833, and as a Doctor of Law in the law school at Lexington, Ky., class of 1836. His talents were rapid in their development and in their recognition by the people. He was elected a member of the State Legislature from his native county in 1833, and again in 1840. Four years subsequently he was put forward as the Democratic candidate for Congress and was elected after a canvass memorable as one of the most exciting and brilliant in the politics of Kentucky. Hon. Joshua F. Bell was his defeated opponent. When war was declared against Mexico, in 1846, Colonel Caldwell entered the service as a major in the quartermaster's department. In the following year 1847, he received his commission as first major in the Vologer regiment, and was engaged in most of all the principal battles in the Valley of Mexico, on General Scott's line. In the capture of the heights of Chalpultepec, Colonel Caldwell led the storming party, his superior officer, General Joseph E. Johnston, having fallen desperately wounded in that storm of fire and blood. For his dauntless and glorious charge upon these formidable works, Colonel Caldwell was brevetted Lieutenant Colonel, which rank he maintained until the close of the war and his return from the army in 1848.

In 1848 he was again elected to Congress from the Fourth District, by an overwhelming majority. At the ensuing election, in 1851, he declined the Congressional race. Early in 1853 he removed to Louisville to pursue the profession of law, at the time when he had so much usefulness to his country and honor to himself. As a man he had for if any enemies, and he has been grieved to the graves of his fathers without a stain or blemish upon his name or his character. He sank into his grave gently as the sun goes down from the evening sky, with all the glories of his past course rich and serene about him. He was sixty-four years of age at the time of his death, which occurred a short time since at his residence in Bowling Green, producing gloom throughout his district, and indeed the entire State.

HON. HENRY GRIDER.—About the time of Judge Graham's death another noble patriot was summoned to join the innumerable caravan. The death of Hon. Henry Grider was sudden and unlooked for. Few men were better known or had a prouder record throughout the State than he. A native of Kentucky, truly like it and in the southern part of the State he commenced a career that was to terminate in so much usefulness to his country and honor to himself. Henry Grider was one of the best lawyers in the State, as well as one of the most powerful speakers, driving conviction with his earnest appeals and vehement logic. He had in early life pursued various avocations, and each successfully. Over thirty years ago he conducted a newspaper in the town of Munfordville, Ky. Subsequently to which he had, as many of our most illustrious men have done, taught school. After this he edited the Green River Gazette, the first paper ever published in Bowling Green and among the first ever established in Southern Kentucky. The history of such a man has its trust and fairest exponent in the heart and memory of those who were endeared to him in life. The loss of such a man is irreparable.

Colonel Caldwell was a bachelor, but he leaves several brothers, sisters, and other relatives to lament his unexpected death. We offer them the full-measured sympathy of the Commonwealth. The professional friends and associates of Colonel Caldwell have called a meeting, for the purpose of expressing their sorrow and paying a suitable tribute to his memory.

The funeral takes place at 3 o'clock P. M. to-morrow, from the residence of Dr. Wm. Caldwell, brother of the deceased, corner of Second and Walnut streets.

THEATER.—Mr. Charles Dillon entered upon the second week of his engagement at the Louisville last night. The weather was horrible, but it didn't horrify the people to stay at home. A tolerably large audience, including a few ladies, witnessed Hamlet. We were signalized by the play, which was to be held at 10 o'clock this morning, for the purpose of expressing their sorrow and paying a suitable tribute to his memory.

M. to-morrow, from the residence of Dr. Wm. Caldwell, brother of the deceased, corner of Second and Walnut streets.

THEATER.—Mr. Charles Dillon entered upon the second week of his engagement at the Louisville last night. The weather was horrible, but it didn't horrify the people to stay at home. A tolerably large audience, including a few ladies, witnessed Hamlet. We were signalized by the play, which was to be held at 10 o'clock this morning, for the purpose of expressing their sorrow and paying a suitable tribute to his memory.
